Cybersecurity

St Agatha's Families

What is security?

- How do you define security?
- Why do you feel safe at home?
- Are there any situations when you don't feel safe?

- Would you leave your door open when you go on vacations for a week?
- Would you leave your house keys at your front door?

© Positive BCS

What about security on your devices?

- How do you secure your computers?
- How do you secure your mobile devices?
- Can you define use the internet safely?

© Positive BCS

What about your children?

- Do they understand how to safely use internet?
- Do they know what is Private information that should not be shared?
- Do they use no more than 45 min a week of games?

© Positive BCS

I want you to have 3 takeaways

1. Internet security
   - Let's start with the password
   - Email scams
   - What do you share on internet
   - Protect your network
   - Protect your devices
     - Antivirus
     - VPN

2. Take control of the devices
   - Set up screen time
   - Set availability hours in both the device and the router

3. Talk to your children about protecting their information

Subject: HELP!!!

PHISH

I'm writing this with tears in my eyes. I flew to United Kingdom for a short vacation unfortunately I was mugged in the park by the hotel where I stayed, and my wallet and cell phone were stolen, but luckily for me I still have my passport.

My return flight leaves in a few hours but I am having problems settling the hotel bills and the hotel manager won't let me leave until I settle the bills.

Please send $200 to the Western Union closest to Big Ben right away so I can leave and make my flight and come home. I'll pay you back with interest when I get back, I promise.

PHISH

I'm writing this with tears in my eyes. As you know, I'm on vacation in London. Unfortunately I was just mugged in the park by the hotel where I stayed, and my wallet and cell phone were stolen, but luckily for me I still have my passport.

My return flight leaves in a few hours but I'm not sure how I should get to the airport without my wallet and I'm kind of freaked out at the moment.

Please, can one of you give me a call at the hotel front desk? I'm not sure what to do. I'll pay your phone bill and cook you dinner when I get back, I promise.

- Anna
